8 November 1985

MEMORANDUM FOR: Members, Critical Intelligence Problems Committee

FROM: Eloise R. Page
                  Chairman

SUBJECT: Candidate Topics for CIPC Studies   25X1

REFERENCE: C/CIPC Memorandum of 19 August 1985

     1. Attached please find a list of topics proposed by the CIPC members in
response to the referent memorandum. The list also contains four topics
suggested by the CIPC staff.   25X1

     2. Also attached are brief staff papers which define the intelligence
problems to be studied, describe the work already done or which is now under
way, and outline the scope of possible CIPC studies. Staff papers have not
been prepared on all of the suggested topics, some of which are the domain of
other Community organizations. These topics are identified with an asterisk
with a notation of the appropriate organization. These staff papers should
not be considered as definitive or comprehensive expositions of the problems.
They have not been formally coordinated within the Intelligence Community.
Rather, the papers provide background information to assist the CIPC members
in considering which topics warrant CIPC study.   25X1

     3. At our 18 November CIPC meeting, we shall review the suggested topics
and identify those problem areas to be submitted to the DCI for his approval
as CIPC studies. Any additional suggestions for CIPC studies may also be
presented for consideration at our 18 November meeting.   25X1

                                          Eloise R. Page
